A. West Northamptonshire Council (WNC) – Open Space Assessment Consultation

WNC has commissioned TEP, a leading Environmental Consultancy, to prepare an Open Space Assessment for the area, including Daventry, Northampton, Towcester, Brackley and Rural areas. The Assessment will provide a robust evidence base for the use and demand of open space in the area and will allow WNC to prioritise the development of and investment into open space. It will also support the Council in securing funding through the planning system for open spaces. The assessment will provide a robust evidence base for the new West Northamptonshire Local Plan regarding the use and demand for open space in the area, allowing WNC to further develop its policies for open space, including new standards for open space provision.
